Sound Card: DirectX 9.0c compatible sound card

English,Japanese

I'm giving this a positive review because it deserves to be above negative.

This unlocks the ability to equip any cosmetic to your peons, which would take a sickening amount of grinding in base game.

Overall, I don't recommend it, unless you want that particular feature, as the rest of the unlocks really just dampen the game..

Not worth it for the dlc

moz of it u can get later in game

no additional woman vioce quite a shame
